1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 30, 2005 has been entered.

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 5-11, 13 and 15-19 are rejected under 35 U.S.C. 103(a) as being unpatentable over Time Life Books Recipes: The Cooking of India, page 43 in view of Powell, Brotsky and British patent 18,345. Applicant is referred to paragraph no. 6, Paper No. 092804.

4. Applicant's arguments filed October 3, 2005 and the accompanying 132 declaration have been fully considered but they are not persuasive. The declaration is incomplete since it does not indicate the specific composition (components and amounts) used for the "Clean-a –Meal" product and for "The Cooking of India" recipe. As a result, it cannot be determined if applicant's comparative evidence is actually commensurate in scope with what is claimed by applicant and disclosed by the primary reference. A further declaration is needed to resolve these issues. Any inquiry
